LADIES! Please—

Haven't you some friend whose glasses seem unusually becoming? Isn't there some one you know whose air of distinction is added to by her glasses? Persons who need glasses very often put off getting them because they believe them unbecoming. And so they are—unless intelligently selected and fitted. Here, the features as well as the eyes are studied. Lenses are not merely ground, but shaped to blend in with the contour of the face. If you need glasses, or if those you wear do not become you, let us show you what a difference a little intelligent thought and understanding will make.

BURGLARS IN MAIN ST. CIGAR STORE

\$200 Secured Sunday Night at United Cigar Store—Safe Moved Into Cellar and Broken Open With Sledge Hammer—Thieves Disappeared Without Leaving a Trace to Establish Their Identity—Got Into Store Through Skylight—Used Ladder Found on Adjoining Roof—Entered Alling Rubber Co. Cellar and Took Staples From Skylight on Boston Store.

SCENE OF CIGAR STORE BURGLARY

Perfectly hidden from discovery while at their work some time Sunday night, burglars broke into the store of the United Cigar Stores Co., 188 Center street, and secured \$200, which was in a safe. The safe was moved into the cellar and broken open with a sledge hammer. The burglars took the staples from the skylight on the Boston store and used them to get into the cellar.

The robbery had many features in common with the cracking of the safe in the store of the Manhattan company last Tuesday night and the cracking of the safe at the grocery store on E. W. Wales line in late afternoon. The safe was broken into the cellar before it was broken.

The front door of the cigar store was fastened with three locks, one of them a time lock, but the burglars picked out a vulnerable spot selecting a skylight over the rear end of the store through the skylight. The roof was an easy matter to reach the skylight as the roof there could be reached without any trouble. The burglars used the roof to get into the cellar.

LENTEN SERVICE.

Father Louis Spoke at St. Patrick's Church Upon Keeping the Sabbath Holy.

At the evening service at St. Patrick's church on Sunday, the Lenten service was the latest of the present Lenten season and the sermon was by Father Louis, a Passionist missionary, from Boston, who was from the text, Remember to keep holy the Sabbath day.

He reminded his hearers that the whole life of a Catholic man is influenced very strongly by the way in which he keeps the Sabbath so that the duty of keeping the Sabbath holy is of vital importance in the Christian life. From the beginning a day has been set apart by God for men to thank Him for some particular blessing and the objects of the Sabbath are three-fold, viz: for a day of rest for man, thus indicating God's thoughtfulness and love; for the worship of God, and that we might have time and opportunity to attend to the wants of our souls.

Father Louis dwelt with particular emphasis upon the negative aspect of the Sabbath, viz: the duty to do no unnecessary servile work on Sunday and the positive present to attend the services in God's house on that day. This is the great thing to do and nothing short of a moral or physical impossibility would excuse non-attendance at church. This act of obedience will surely bring its blessing with it.

Quickly Relieves
Without Distress

The congestion of waste and refuse from the stomach, fermenting in the bowels, generates poisonous gases that occasion distress and invite serious illness. Health and comfort demand that this congestion be speedily relieved and the foul miasma expelled.

The well-founded objection most people have to the violence of cathartic and purgative agents is overcome by using the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. A dose at night brings relief next morning, without discomfort or inconvenience, and a free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.
